I did Jobs like Laptop Hardening, SCCM, Laptop Formatting, Domain joining, software Installation, applying enterprise policies, troubleshooting, Leadership, User management, Team Management, Project Management and many more.	

Why are you interested in working for us?

I have heard a lot about the company and went through the web site of the zoopla. It is really good to see the user-friendly UI and the way functions works. It also contains lots of options to rent or sell the house. I would like to be the part of the company so I can serve the company by managing their massive data and by analysing their data I can provide the strategy to get more customers and business. Even by few reviews I got to know that the company environment is user friendly, and company takes good care of employee.

SUPPORTING STATEMENT

(Please consider the person specification/requirements for the role and outline below how you meet the criteria for the role applied for. Maximum 400 words)

As mentioned above I am pursuing my MSc in Artificial intelligence I would like to get the similar job as per my studies and interest. As I have already learnt about machine learning and data science during my master's degree and I have made good projects and assignments. I can help company to gain more users by analysing the past data I can create multiple strategies to attract the users towards the company. I am so workaholic. And because I love this field and I already have knowledge about the things which company requires It would be my pleasure to work with company. Furthermore, I have a lot more skills as described below.

➢I am Open to adapt different technologies and concepts as per project's requirement.

➢Capable of working in a team with people at all levels as well as working independently.

➢Proficient with languages like Python, C/C++, Java, Familiar with Django Web Framework.

➢Basic knowledge of different kind of database like My SQL, Oracle, MS access.

➢ I have prior knowledge about OOP concepts, MS Office, etc.

➢ Fluent with all types of OS Windows 7/8/10/Server, Linux, OS X.

➢ Good communication as well as Presentation Skills, Quick Learner.
